Editor's comment

Welcome to PIC Magazine

PIC MAGAZINE serves as a vital bridge within the photonic integrated circuit (PIC) ecosystem, fostering connections among its key stakeholders. Our publication delves into the cutting-edge developments from major manufacturers deeply committed to photonic integration. We also spotlight the groundbreaking endeavours of researchers and nimble PIC start-ups.

With a regular focus on fresh research efforts, including those backed by the European Commission and international institutions, PIC Magazine provides a comprehensive overview of the field. We report on the launch of innovative products while providing market analyses. Moreover, we shed light on how existing and emerging standards are forging a supportive environment for PIC research and manufacturing. Our exploration extends to the foundational technological strides in silicon photonics (SiPh), III-Vs, photonic materials science, test and measurement, as well as manufacturing automation. PIC Magazine's unwavering commitment centres on raising awareness and disseminating knowledge about market prospects for PICs and integrated devices, including co-packaged optics (CPO). We delve into diverse PIC applications within data communication, telecom, automotive LiDAR, and advanced photonic sensing systems. Our coverage

extends to emerging PIC applications across various sectors, including communications, healthcare, and beyond.

We proudly highlight the immense potential of photonic integrated sensors in applications spanning wellness, disease diagnosis, and general healthcare.

As the PIC market matures, we allocate significant resources to explore the critical requirements of test, assembly, and packaging (TAP), along with assembly automation. Furthermore, we analyse the prospects for PICs in aerospace, computing, defence, IOT/IIOT, sensory applications, and more.

The potential for PICs in both established and emerging markets continues to expand. PIC innovators face pressing questions: how will they address the need for advanced sensory systems to enhance disease detection?

How is PIC testing and packaging evolving? Are we shifting from the era of emerging markets to high-volume solutions? Which innovations are already benefiting PIC manufacturers? Will AI and machine learning propel or temper new market expectations?

What role do PICs play in quantum computing?

Whether the discussion revolves around PIC market dynamics, shifts, or pioneering research advances, rely on PIC Magazine for the most up-to-date perspectives and insights into how photonic integration will shape our future and fortunes.

Product Portfolio includes:

Photonic Integrated Circuits magazine
PIC International Conference
Weekly Newsletter

picmagazine.net
picinternational.net

Editorial themes

PIC Magazine provides complete coverage of the photonic integrated circuit industry.

Each quarterly issue explores a wide range of PIC research, product innovation and market issues impacting the success and growth of PICs across the global photonics ecosystem. We explore PIC success stories, challenges and opportunities across applications.

Editorial Calendar - Edition Themes				
	Advertisement	Online	Theme 1	Theme 2
Issue I	3 March	14 March	PIC International 2025	PIC Materials
Issue II	17 June	24 June	Quantum	PIC Innovation
Issue III	11 September	18 September	PIC Manufacturing	PIC Test + Measurement
Issue IV	7 November	15 November	PIC for data	PIC Beyond 100G

Issue I 2025 – Show Issue OFC and PIC International 2025

Issue III 2025 – Show Issue ECOC 2025

Our readership

Magazine circulation

Readers are involved in system integration, developing and manufacturing components, financing this sector, or providing the materials and equipment needed to support this industry.

PIC International magazine is the primary information resource for professionals working within integrated photonics industry.

PIC International magazine provides comprehensive coverage of all aspects of this industry, from basic research to materials, equipment, packaging, and the incorporation of chips in data centres and optical networks.

- Americas - 30%

The screenshot displays a website layout with various advertising placements. At the top, there is a 'LEADERBOARD' banner. Below it, the main content area is divided into several columns: 'Industry News', 'Company News', and 'Interviews'. Each column contains 'NEWS SECTION BANNER' units. To the right of these columns are two vertical 'SKYSCRAPER' banners. Below the main content area, there are sections for 'Technical Insight', 'Vendor View', and 'Lab and Fab News', each with 'NEWS SECTION BANNER' units. To the right of these are two more 'RECTANGLE' banners. Below this is a section for 'Most recent issues of PIC Magazine' with three magazine covers and three 'VIDEO' banners. At the bottom, there is a 'Corporate Partners' section with a large 'CORPORATE PARTNERS' banner. Below that is a navigation and footer area with various links and a 'FLOOR BANNER' at the very bottom.

All banners and logos must be supplied as GIF, JPG with "alt" text and a URL to which to link the banner or logo. Advertisers must warrant that they have tested adverts for technical stability on Internet Explorer, Firefox, Opera, Safari and Google Chrome browsers prior to supply. For the purposes of these guidelines, stability is defined as not causing error messages, dialogue windows, excessive CPU usage, browser crashes or system crashes.

emailnewsalerts

The PIC newsletter email news alerts deliver the latest industry news direct into the inboxes of our subscribers, and provide our news alert sponsors a fantastic opportunity to get their message seen by over 15,000 industry professionals.

Sponsors enjoy:

- A sponsor's message (up to 100 words)
- A 728 x 90 banner
- Cost: €1,800 / \$1,800

Custom HTML email shots

Are you launching a new product?

Would you like your company, products or services to reach over 15,000 industry professionals?

If the answer is yes, then our custom HTML email shots are for you. This service will allow you to send an email shot, branded within your corporate style to our database. This will give your company a massive exposure to your target market. You can create the HTML newsletter and we send it out, alternatively you can use our in-house multimedia team to create the HTML for you.

The following email has been sent by a 3rd party on behalf of Mouser Electronics

PHOTONIC INTERNATIONAL

The PIC International conference will build on the success of its predecessors, with industry leading speakers delivering more than 30 presentations spanning 4 sectors.

Attendees of the two-day conference will gain an up-to-date overview of the status of the Photonics industry, and will have the opportunity to meet many other key players within the community.

PIC International is part of AngellTech, which delivers a portfolio of insightful, informative, highly valued digital content. Bringing together 1,000+ designers, 300+ exhibitors, 120+ presentations and numerous networking opportunities, AngellTech is the number one global trade content company in the photonics industry, providing integrated visual and audio technologies. With a strong team to deliver the latest news, information, and solutions, and supported by the full resources of our team and extensive AEC supplier base.

CORPORATE PARTNERS

Why Not Join our Corporate Partners?

Our digital content is the most powerful of the Photonics Integrated Circuits Magazine website, every edition of the weekly email newsletter and all editions of our respective job finds and resource libraries, available to the Photonics Integrated Circuits industry.

- Mark Andrews (mark.andrews@angelltech.com)
- Darhad Muzhi (darhad.muzhi@angelltech.com)

PHOTONIC INTEGRATED CIRCUITS

PIC Europe keeps excited about the progress being made worldwide in the production and application of photonics integrated circuits.

AngellTech 2023 • 18th - 19th April 2023 • Brussels, Belgium

Comprising of CI International celebrating its 10th anniversary, PIC International joins in its 70th year, and the range of Power Electronics (PE) International.

frontcoverpromotionpackage

The front cover of PIC Magazine is the most prestigious position in the magazine. It allows for an image and a technology story connected to your company to be showcased in front of a global audience. PIC Magazine is distributed to over 15,000.

Front cover package includes:

- Cover image with your branding
- 2 - 3 pages of editorial within magazine
- Full page advertisement
- Magazine hosted on picmagazine.net for six weeks
- 728 x 90 pixels banner for 8 weeks
- 30 printed copies for promotion
- PDF of your cover and article for web promotion

Dedicated webinars for the photonic integrated circuits (PIC) industry

Using our 30+ years' experience in B2B vertical technical markets, and as the publisher of PIC Magazine, we offer effective webinars, ZOOM interview and virtual events. We help you get your message, to your desired audience, by marketing to over 15,000 PIC professionals.

In addition to organising and managing your webinar, we can also market your webinar to our specialist databases.

In a dedicated 6-week program we will promote through our magazine, newsletters, LinkedIn group and website.

We can also provide the webinar moderator, from our team of highly respected editors.

Let our editors work with you and help you with the content.

Reach Educate Influence

● Brand Awareness

Increase global awareness by running sponsored webinars, Zoom interviews and virtual events.

● Lead Generation

Generate and mature leads through the use of online events.

● Thought Leadership

Become the voice of knowledge by generating compelling content via online events.

Find out how Angel Webinars can help you organise and run a webinar within the PIC industry.

SS ROUNDTABLE

Connecting Leaders & Experts in the Silicon Semiconductor Field

- Based around a hot topic for your company, this 60-minute recorded, moderated ZOOM roundtable would be a platform for debate and discussion
- Moderated by an editor, Laura Hiscott, this can include 3 speakers
- Questions prepared and shared in advance
- There would be an opportunity to view and edit in advance

This event would be publicised for 4 weeks through all our mediums including:

- A banner on the PIC Magazine homepage for 8 weeks
- 4x weekly dedicated HTMLs
- 4x news pieces which would also appear on the weekly e-newsletters
- Promoted through our social media platforms for 8 weeks (pre and post event)
- Available as an on-demand asset through all mediums
- All registered attendees' details would be made available to you

Cost: €5995

Contact: Jackie Cannon at jackie.cannon@angelbc.com

Marketing & Comms package

Your message will reach over 15,000 professionals worldwide through 3 different mediums of magazine, website and newsletter which creates maximum visibility.

What is included?

- One sponsored newsletter which includes your message (up to 100 words) and 728 x 90 static banner (Additional service, we can create the banner)
- Classified listing in 4 issues. This is a position on the Corporate Partners page which allows for company logo, contact details and web address in a 36 x 72 format (included in Magazine, Newsletter & Website)

- Website: A button banner 160 x 60 pixels for 12 months (jpg or .gif; max. file size: 15k click-thru URL)
- All Partners are included in online buyer's guide
- One half page advertisement in issue of choice of PIC Magazine
- All press releases added to website within 48 hours with image, logo url plus contact details
- All press release will be included in the weekly newsletter which goes out to 15,000
- Q&A feature included in magazine and online in a month to be agreed. Editorial assistance included

Price: €3000 / \$3550

corporatpartnershipprogram

what you get?

- **PRINT:** A Corporate Partnership entry in 4 issues of PIC Magazine (size 36 mm x 72 mm)
- **WEBSITE:** A Corporate Partnership box (size 160 x 60 pixel) under Corporate Partners section on PIC Magazine homepage picmagazine.net for 12 months linking to your website
- Enhance directory listing within picmagazine.net/buyers-guide/companies
- **NEWSLETTER:** One sponsorship of PIC E-News Alert with a 728 x 90 pixel banner + text (100 words) at a time of your choice, mailed out to over +15,000
- 160 x 60 pixel banner on PIC E-Newsletter linking to your company home page

PROGRAM 1

Price: €2100 \$2500

Promoting your products or your brand through a **Corporate Partnership Program** is an economical way to generate interest and drive prospects.

Your message will reach over 15,000 professionals worldwide through 3 different mediums of magazine, website and newsletter which creates maximum visibility.

PROGRAM 2

Price: €3680 \$3995

Corporate Partnership 2 will include all Program 1 benefits + the following:

- 1 x half page advertisement in classified section
- 1 x half page Vendor View feature which includes 150 words and one image.

PROGRAM 3

Price: €5520 \$5995

Corporate Partnership Program 3 will include all of Program 1 benefits + the following:

- 2 x half page advertisement in classified section
- 2 x half page Vendor View feature (150 words per vendor view) plus one image. These features will be included in print, digital issues and online.

PROGRAM 4

Price: €6910 \$7500

Corporate Partnership - Digital Level - will include all of Program 1 benefits + the following:

- Four custom e-blasts per year - one per quarter
- One banner - 728 x 90 in news section for 12 months
- 2 x two page Vendor View feature (up to 1000 words) and several images of product or program.

PIC Magazine **ZOOM** interview

- The 15 or 30 min interview allows for multiple topics to be addressed. As well as promoted through our platforms, it also is a useful asset for your company
- Moderated by the editor
- Questions prepared and shared in advance
- An opportunity to edit in advance
- This video would be a useful asset for any company to use on their website and social media platforms
- This event would be publicised for 4 weeks through all our mediums including:
 - Two PIC Newsletters
 - Promoted once through our social media platforms

Cost per **ZOOM** interview

- 15 mins **€995** (This allows for discussion based around a single issue or product announcement)
- 30 mins **€1800** (This allows for a deeper dive into a particular topic)

PHOTONIC INTEGRATED CIRCUITS SOCIAL MEDIA

The Photonics Integrated Circuits (PIC) Social Media Package

THE PHOTONIC INTEGRATED CIRCUITS (PIC) SOCIAL MEDIA PACKAGE Incorporating PIC social media posts into your marketing plan is crucial for several compelling reasons. Here are the best reasons for using PIC social media in your strategy.

1. Increased Brand Visibility

By maintaining an active presence on PIC social media you can significantly increase the visibility of your company to relevant audience of buyers and specifiers.

2. Targeted Audience Engagement

Social media allows for precise targeting. This ensures your content reaches the most relevant audience, such as datacentre managers, decision-makers, and industry influencers who are interested in your company solutions.

3. Showcasing Expertise and Innovation

Regularly sharing updates, articles, case studies, and insights about your data centre solutions demonstrates your industry expertise and positions your brand as a thought leader. Highlighting your technological advancements and innovative solutions can attract interest from potential customers.

4. Driving Website Traffic and Lead Generation

Posts that include links to your website, blog, or specific landing pages can drive significant traffic and generate high-quality leads.

5. Customer Interaction and Feedback

PIC social media provides a platform for direct communication with your customers. You can quickly address inquiries, gather feedback, and engage in meaningful conversations, which helps in building strong customer relationships and trust. Incorporating social media posts into your marketing plan to PIC Magazine leverages these benefits to enhance your brand's presence, engage with your audience, and drive business growth.

Packages to reach 3493 subscribers:

- 1 post (to LinkedIn and X) £350
- 2 posts (to LinkedIn and X) £550
- 3 posts (to LinkedIn and X) £750
